Application for OPEC Fund Internship Program

Dear OPEC Fund Committee,

I am excited to apply for the OPEC Fund Internship Program in Austria. As a Computer Science student at Kazakh-British Technical University, my passion for AI-driven software development and web technologies drives me to seek opportunities where I can apply my skills to impactful projects.

Throughout my academic and professional journey, I have gained hands-on experience in web development, AI-powered tools, and software engineering. I developed an AI chatbot for Online Standart, optimizing customer engagement through automation. My expertise spans frontend technologies like Angular, backend frameworks like Django, and database management, along with strong proficiency in Python and JavaScript.

Beyond technical skills, my experience as an English Language Instructor and Translator has strengthened my communication, teamwork, and adaptability. I thrive in fast-paced, collaborative environments and am eager to apply my skills to meaningful projects within your organization.

I welcome the opportunity to discuss how my background aligns with your team's goals. Thank you for your time and consideration—I look forward to your response.

Best regards,
Azizullah Darmani
